Attorney's Docket No.: 06502.0207.01

IN THE UNITED STATES PATENT AND
TRADEMARK OFFICE

In re application of: Dennie, Shaun Group: 2186
Serial No.: 10/050,774 Examiner: Tuan Thai
For: **PROTOCOL FOR COORDINATING THE DISTRIBUTION OF SHARED
MEMORY.**

1. This action is responsive to communication filed November 22, 2006. The rejection of claim 30 under 35 U.S.S. 112, first paragraph is hereby withdrawn. Claims 23-26 and 30-34 are now allowed. Claims 1-22 and 27-27 have been canceled.

REASONS FOR ALLOWANCE

2. The following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach nor suggest, *either alone or in combination*, **all** the limitations of the amended claims of the current invention (claims 23 and 30). The discussion of the reasons for allowance shall be directed to claim 23 in which the Examiner shall designate as the primary invention in this application; however, the reasons for allowance

Art Unit: 2186

will also apply to other indicated independent claim (claim 30). Particularly, the prior arts of record do not teach nor suggest all the combined limitations in each claim separately including method and system for assigning blocks of memory comprising an area of a memory designated for coordinating the assignment of the memory to one or more threads requiring access to the memory, wherein the area includes usage information reflecting usage of the memory, and a processor for performing a protocol of serializing access to the memory by the one or more threads based on the usage information, wherein the protocol *allows a first thread to access a first designated block of the memory while another thread requests and secures access to another block of the memory*. The prior arts of record do not further disclose the similar concept as being detailed in the method claim 30, in addition with the operation of "bypassing" or "without accessing the operating system". In light of the foregoing, claims 23 and 30 of the present application are found to be patentable over the prior arts.

Claims 24-26 and 31-34 further limit the allowable independent claims 23 and 30. These claims are therefore allowable for the same reason as set forth above.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue
